MILLER-TANGEMAN LOBBY FEATURING CHAOS I

Chaos I is a 7-ton, kinetic sculpture by Swiss artist Jean Tinguely (1925-1991).

The 30-foot high piece is the largest work by Tinguely in the United States. Columbus, Indiana, a city known for both its great architectural designs and its world-class manufacturing operations, is proud to be home to a sculpture that successfully marries art and engineering.

Chaos I cycles through a series of motions to simulate a day in a life, beginning slowly at first, adding movements and then winding down again. At the peak of its chaotic movements, steel balls roll and crash through a caged track, catching the attention of all ages.

JAMES A. HENDERSON INDOOR PLAYGROUND

The James A. Henderson playground features 7,000 square feet of indoor fun for children ages 6 months through 12 years. Be sure to check out the 35-foot-tall Luckey Climber, created by the late artist Thomas Luckey. The Luckey Climber connects 50 curved platforms with steel columns, roping, and six miles of coated stainless steel aircraft cable that children can scale to reach the summit. This playground is FREE and open to the public during building hours.

A NOTE FROM APRIL WILLIAMS, PROJECT & RESOURCE DEVELOPMENT DIRECTOR

Built on Generations

Often I am stopped by individuals from all walks of life and of all ages who share with me why our "Parks" are so great here in Columbus. Sometimes it's a local resident but other times it's a visitor here from far away. No matter the scenario, they are always complimentary when it comes to sharing their experience of using our parks. What's always interesting is to hear what stands out to them the most. Take for instance, Norb ...

At age 89, Norb and his "best friend" Maggie, a Westfield Highlands white Terrier nearly 11 years old (77 in human years), never miss a day at their favorite park. The two are a great pair, given that neither of them has ever met a stranger. Maggie is proud, perky, affectionate and very people oriented.

For six years Maggie has lived in a condominium area where it is necessary for her to be on a leash when she is outside. After growing up with a fenced backyard, the confinement was an adjustment and how Donner Park became her second home. The park is a place where she can enjoy a bigger world, one of nature and wide open spaces. A walk through the park is the highlight of her day. Maggie gets excited when jumping in the car, leaving from home, as she eagerly sits in "navigator" position and sees the car heading onto the streets that lead to her favorite place to be.

Maggie makes friends with everyone at the park; walkers, runners, other dogs and their owners and even park staff. She watches anxiously to see if her special friends, that know her by name, are at the park each day. The morning walk has slowed gradually as Maggie ages. It has become an easy meandering. Being insulin dependent diabetic, the outing is as beneficial to her as it is Norb.

Winter doesn't deter Norb or Maggie. In fact, Maggie loves cold weather and snow and is ready and eager to explore the changed landscape. Visiting the park has provided a way to have a wholesome break from the daily routine, to be healthy, to see friends new and old and simply make life more interesting for Norb and Maggie.

Maggie and Norb are quite the example. Wouldn't we all be just a little happier, healthier and social if we followed their example and visited a park every day?

I wish I could share ALL the stories that keep me inspired and encouraged daily, but the point is that play and recreation are so integral to our lives. They are meaningful and stand out in making a city attractive and appealing to others. They make a statement about a community and its emphasis on health. That's why The Columbus Park Foundation's work is so important. I am truly privileged to be the voice of those that want to grow and maintain the great amenities we have that make Columbus an inviting place to live, visit and play!

The Columbus PARK Foundation invites you to join us in making great things happen by becoming a Generations Club Member. There are so many exciting projects yet to come and you can place your name on them... Come & Grow with Us!

With Gratitude,

April Williams

COLUMBUS BIKESHARE

Beginning in 2014, The Columbus Park Foundation organized a planning committee to explore the potential of bringing a bikeshare program to Columbus. Many organizations were represented on the planning committee including the City of Columbus, Columbus Employers, Columbus Regional Health, Columbus Area Arts Council, Columbus Bike Co-op, and the Columbus Area Visitors Center. Multiple public surveys were conducted in 2015 and results showed a strong support for implementing a bikeshare program in Columbus. Thanks to our partnering sponsors, Columbus Regional Health and an additional anonymous donor, 78 bikes and 8 stations were

purchased from BCycle in January of 2016. The idea of bikeshare is to make getting around the city easier. They are for people on the go. Whether grabbing coffee, commuting between meetings, riding to lunch or touring the city, bikeshare is a quick, easy and cheap alternative to being stuck in a car. Also as a result of public input, Columbus' bikeshare program will be named columbike. Phase 1 columbike stations are primarily concentrated in the downtown area with two stations in outlier locations; Donner Park and Columbus Regional Health. The Columbus Park Foundation is proud to partner with the Columbus Visitors Center to provide a variety of themed bike tours. As popularity increases, demand will expand station locations. We are thrilled to add this great asset to our community and grateful to our partners for bringing bikeshare to Columbus.

2015 Mill Race Marathon proceeds totaling \$49,000.00 were contributed toward the columbike bikeshare. Our sincere appreciation goes out to all those who organize, participate and support this great event. We thank you for choosing The Columbus Parks Foundation as the recipient.

THE COLUMBUS PARK FOUNDATION

RACE2PLAY - YEAR IN REVIEW

The Race2play theme continued in 2015 as we kicked-off the summer with a celebration in our neighborhood parks including Pence Street, Morningside and 9th Street. The tradition of inviting partners including the White River Broadcasting Team, Lincoln Central Neighborhood Family Center, Foundation for Youth, kidscommons, Kiwanis and Hackman Farms to pull off a variety of children's fun activities and a summer cook-out continued. For the last two years expanded programs have been offered to bring families together in a safe, inviting and fun atmosphere.

Children and families now anticipate exciting activities like Come Out & Grow Gardens, Friday Night Flicks and Race2Bicycle Safety. In 2015, through a partnership with Cummins, we introduced Curiosity Machine, a STEM project designed to give local engineers the opportunity to inspire and encourage youth through creative projects that teach children science, math and engineering skills in a fun and exciting way. We are grateful to Cummins volunteers for making this pilot program a great success!

PEOPLE TRAILS - YEAR IN REVIEW

"The whole art of teaching is only the art of awakening the natural curiosity of young minds for the purpose of satisfying it afterward."
- Anatole France

It is those of us that had the privilege to work with the students of Columbus Signature Academy, at the end of 2015, Columbus Signature Academy students designed concepts for developing the Downtown Riverfront Project. This project is an exciting expansion piece of the People Trail that will provide significant connection between the existing trail ending at Lafayette Street (our newest section of trail completed in 2014) and Mill Race Park. City leaders

were part of a question and answer panel discussion, led by students, to discuss a variety of components to the project including: solutions to the dam, incorporating art on our trails, designing a connection between the bridges, creating an interpretive tour on our trails and much more. After gathering input and through their own research, students showcased their innovative ideas for City leaders to view. This was the start of some exciting momentum that brought leaders together to consider a multitude of ideas for developing the Riverfront Project and more. We look forward to pursuing this expansion piece in 2016 as we work with a collaboration of City departments and community partners to bring this great project to fruition.

Adopt A Trail

If you have not visited the newest section of our People Trail from State Street to Lafayette recently, you will now see a very noticeable improvement. As part of Cummins CEP environmental challenge, volunteers formally adopted the People Trail between 7th Street and State Street in 2013. The newest trail extension (State Street to Lafayette), named in honor of former Parks Director Chuck Wilt, was asphalted and a ribbon cutting ceremony took place in November of 2014 and expanded the group's adopted trail responsibilities. The Cummins Foundation granted \$15,000 to the Columbus Parks Foundation to aid with improving the people trail. Trash cans & benches were placed and trees planted. 350 daffodils were planted with the help of Little Seeds Preschool. Volunteers worked tirelessly with the Columbus Parks Foundation to improve and maintain this section. Employees from CEP, FSP, COM, & COB were engaged in this project from 2013-2015. Their time was spent helping to improve the People Trails along Haw Creek into downtown Columbus. The group titled their project "Week At The Creek" and they spent 639 hours on the project. We are grateful for their dedication and service and the beautiful outcome!

In 2015 volunteers spent 116 hours planting trees that were lost due to storms and/or the Emerald Ash Borer Epidemic in various parks. Over 100 trees were planted. What a tremendous impact this made in assuring our tree inventory continues to be maintained.

Additional trail clean-up in 2015 equated to 157 hours throughout various sections of our trail system. We thank Dick Boyce, our Volunteer Coordinator, for all of his efforts in organizing the Adopt A Trail events!

2015 RACE2PLAY - GRANTS AND CONTRIBUTIONS

2015 Private Contributions: \$19,025

PEOPLE TRAILS - 2015 GRANTS AND CONTRIBUTIONS

TOUR DE TRAILS RUN/WALK & BICYCLE CHALLENGE
PEOPLE TRAIL MAINTENANCE FUNDING

• 2015 Proceeds: \$10,440

The Annual Tour de Trails events raise funds to help assure our trails are well maintained and kept to the high standards we all have come to expect and enjoy.

C BIKE RACKS - PEOPLE TRAILS
MAINTENANCE FUNDING

• The C Racks continue to be in demand as more and more businesses in the community want to not only accommodate their bicycling clientele but also add a colorful and attractive feature that highlights our city's branding near their establishment. The bicycle racks will continue to help grow our People Trail Maintenance Fund.

GENERATIONS CLUB

In 2012, Park Foundation board members created the Generations Club as a way for individuals to help create sustainability of funding for recreational programs and amenities that influence the daily lives of our children and our community. As a community we can impact these quality of life offerings and assure they are always available at the high standards we have come to expect. The Generations Club is a program vital to the future growth and success of our "parks".

Clayton, Angela,
Julianne & Dawson Force

We have made it easy for families to help sustain what we have today and grow the assets of tomorrow. Our gratitude is extended to those who have become Generations Club Members. We hope to see more individuals recognize the great things we can do when you Come Grow with Us.

AT A GLANCE

• HAMILTON COMMUNITY CENTER & ICE ARENA
2015 Private Contributions: \$60,030

• JAMES K. BAKER TREE FUND

2015 Private Contributions: \$6,133

The James K. Baker Tree Fund allowed for the replacement and expansion of our parks' tree inventory. Over 100 trees were replaced to assist in replenishing those lost from the Emerald Ash Borer epidemic and storms. We are grateful to the Baker Family and the many generous donors who have a passion for retaining and growing the variety of trees that make our parks and overall city so beautiful.

• NINJA WARRIOR EVENT

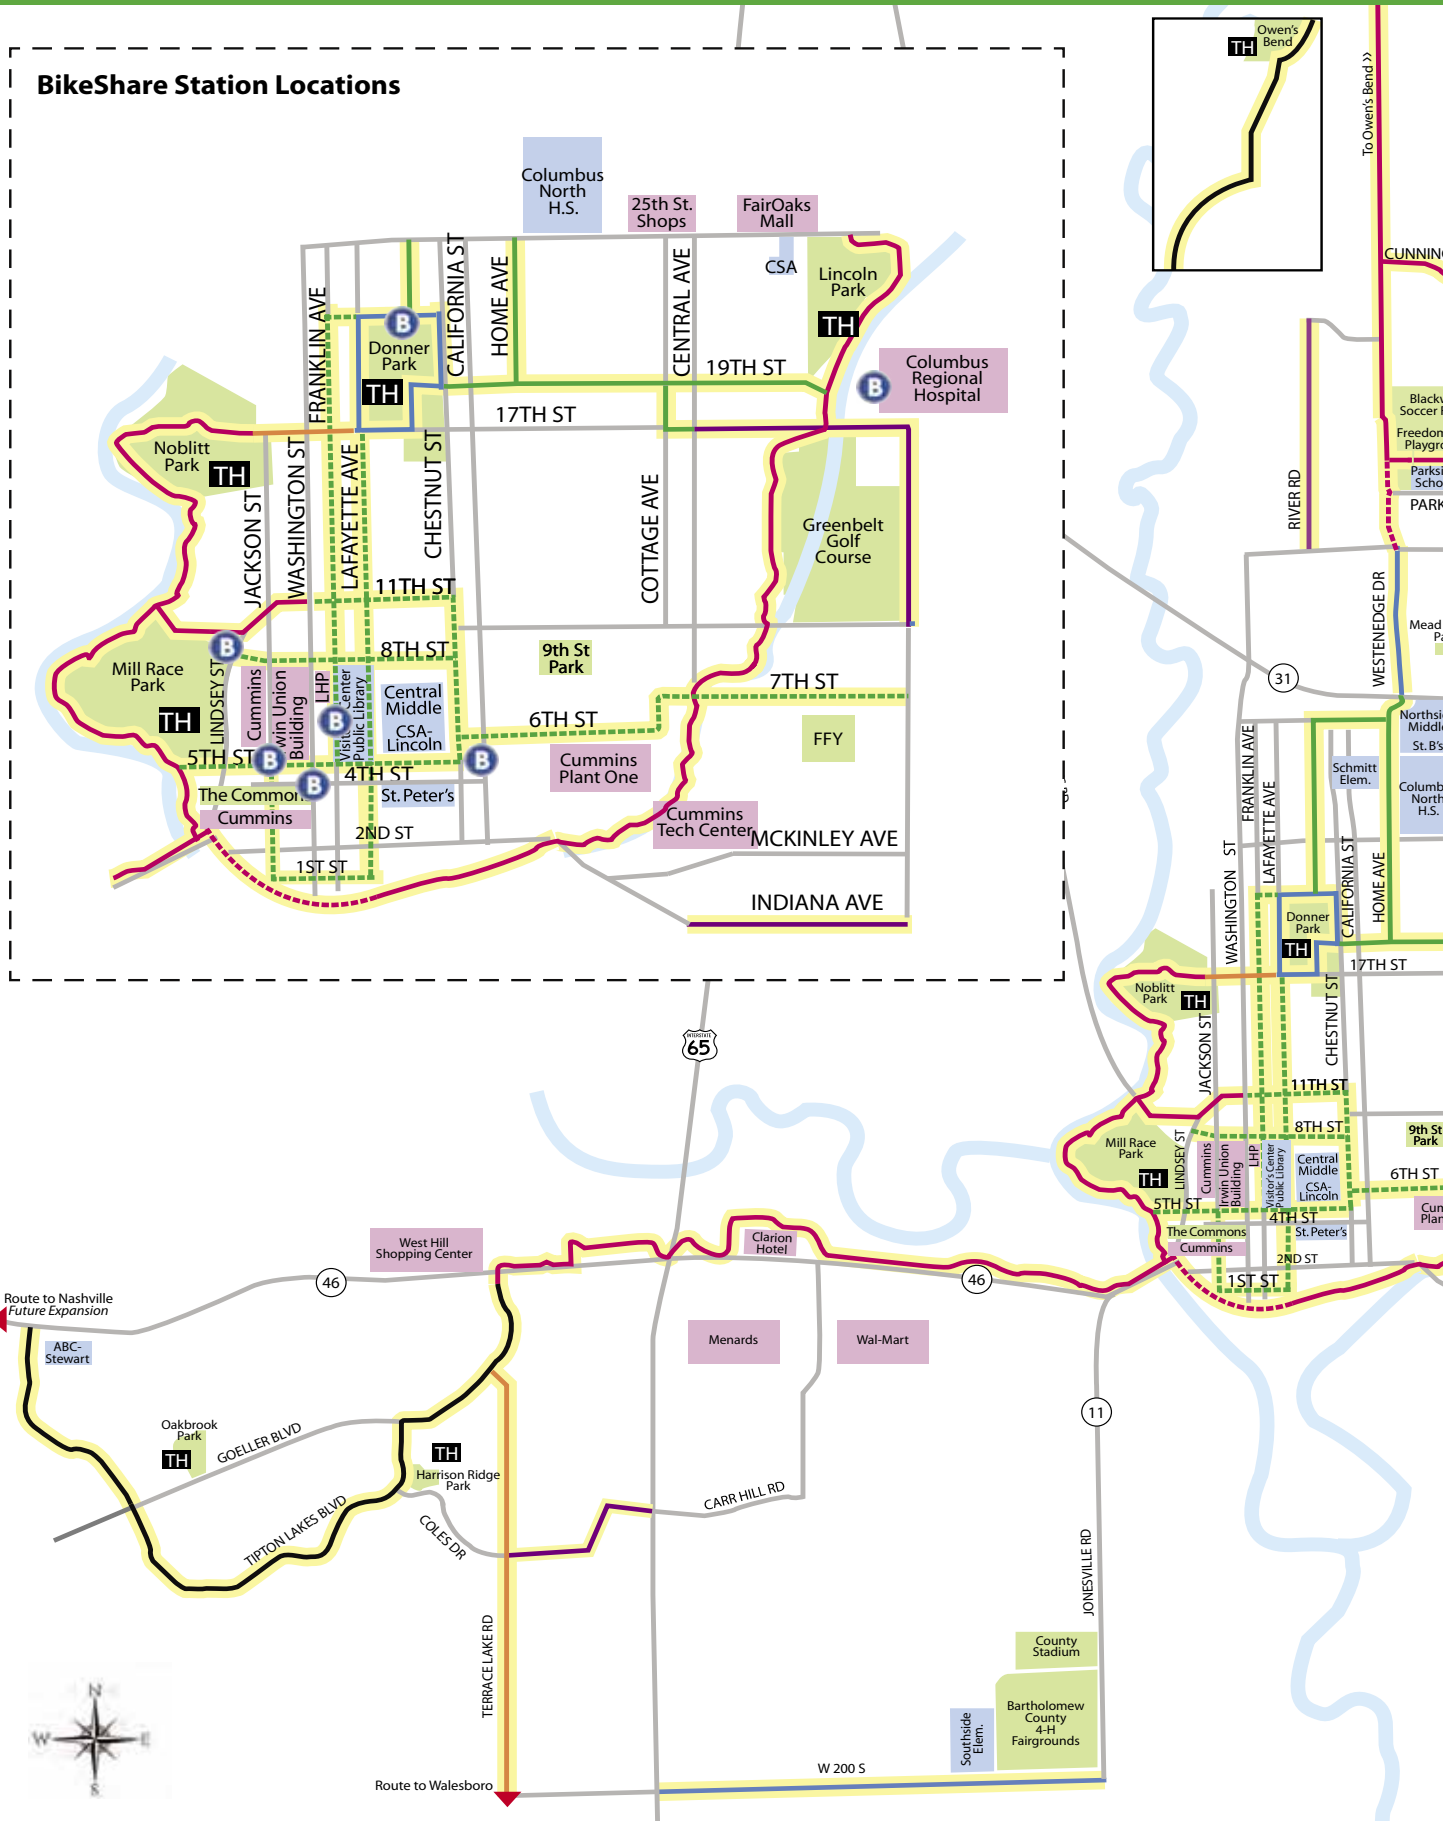

2015 Proceeds: \$5,460

This one of a kind event brought over 200 participants and thousands of spectators to the downtown area. Participants raced through the obstacle course to compete to be the first Columbus Ninja Warrior. This event brought much energy to the downtown area and proved to draw great interest. 2015 proceeds allowed for the underwriting of capital investment costs. We look forward to even greater success in 2016.

• CHRISTMAS VILLAGE AT THE COMMONS

2015 Private Contributions: \$2,000

The Custer Foundation has provided funding to not only transform The Commons into a winter wonderland but also assure a full day of children's activities including the popular assembly of a gingerbread village. Families are lured by local entertainment, shopping of local handcrafted items and additional activities provided by partners like Foundation For Youth, Parks & Recreation and kidscommons, all leading up to the popular Festival of Lights Parade.

-  **BikeShare Station**
-  **Current Streets**
-  **Entire Bike & Pedestrian Network**
-  **Existing Multi-Use Path**
-  **Proposed Multi-Use Path**
Multi-use paths are intended to provide uninterrupted or minimally interrupted movement over distances of a mile or more for a variety of purposes and users, such as pedestrians.
-  **Existing Sideways**
-  **Proposed Sideways**
A sideways is an extra-wide sidewalk along one side of a street within the street right-of-way. Sideways are designed to carry both pedestrian and bicycle traffic. Sideways have an advantage over bicycle lanes by having a curb separating the vehicle and bicycle traffic.
-  **Existing Sideways**
-  **Proposed Sideways**
Sideways are intended to be located in the street right-of-way to connect pedestrians to their homes and destinations. The distance traveled by a pedestrian on a local sidewalk is expected to be less than one mile.
-  **Existing Bicycle Routes**
-  **Proposed Bicycle Routes**
Bicycle routes are streets that have been designated and marked with signage as bicycle routes. Local streets are particularly well suited for bicycle routes.
-  **Existing Bicycle Lanes**
-  **Proposed Bicycle Lanes**
Bicycle lanes are designated areas of the street which are reserved for the exclusive use by bicyclists. They are typically established with pavement markings and signs along routes.
-  **Existing Sharrows**
Shared lane markings or "Sharrows" are street markings placed on city streets to inform bicyclists and motorists where a travel lane is shared by both.
-  **Trail Head**
Trail heads are most appropriately located at places where people change modes of transportation - exiting their vehicles to begin a walk, jog, or bicycle ride. Trail heads should provide access to the People Trails and act as identification markers.
